

# DDTC Summer Camps 2024

Puppy Night – August 23  
 Agility Camp -- August 24 – 25

6:00 pm – 8:30 pm  
 9:00am - 4:00pm

DDTC is once again sponsoring their popular Summer Camps for Agility, and as always a fun Puppy Night. Instructors will be Judy Kolva, Cathy Markley and Deb Goodhart. These ladies are known for their positive reward-based system of teaching. Each has attended many seminars and has trained under various world class instructors. They have achieved many titles and accomplishments. **Camp fills FAST so don't delay your registration!**

- ❖ Judy will focus on Jumpers courses. Her group will work on common patterns, discriminations, commitment and not standing around watching! Course analysis, verbal commands and lines will be part of the course discussions.
- ❖ Deb will focus on Standard courses. Her group will work on finding lines, determining the best handling for your dog, weave entries, tunnel skills and international skills, proofing, and solidifying contact behavior.
- ❖ Cathy will focus on the dogs Jumping style. Her group will work on jump grids, flatwork and how handler motion affects the dogs jumping style. Learn what to watch for when handling your dog to determine if your cues were on time or late, also how to teach your dog to bend on curves.

Groups will be assigned based on the level they are competing at; Open/Excellent level and a Novice/Pre-competition level. The Novice/Pre-competition level should be sequencing 4-6 obstacles, not all contacts or weaves are necessary. We will be totally inside and will split the ring between both groups, with ten in each group. Saturday will be Standard with Deb and Sunday will be Jumpers with Judy. Each day you will spend a half day with Cathy Markley.

Friday night is Puppy Night! Each group of puppies (divided by age) will work at various stations, including recalls, sends, cone work, puppy grids and so much more. Puppies can be any age up to one year. Every year we have a **BLAST** on puppy night!
